

You are an Afghan.

Hirose has just showed you Titan IX and told you how it help you clear mines.

However, there are many problems.

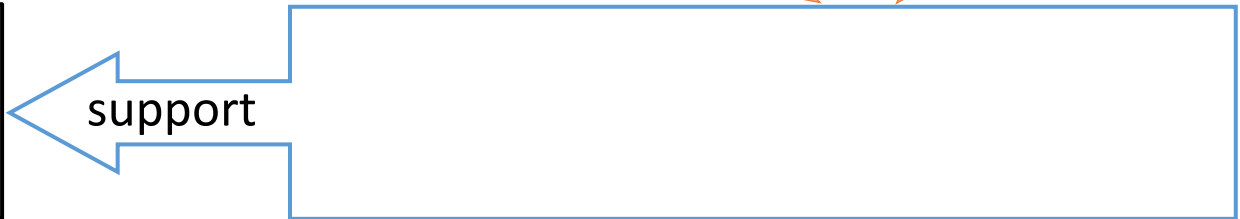

You want to thank Hirose for his effort, but, at the same time, you must have Hirose understand why you don't think that Titan IX will work here in Afghanistan.

You have to gather information not only from your textbook and use them to tell your opinion logically.

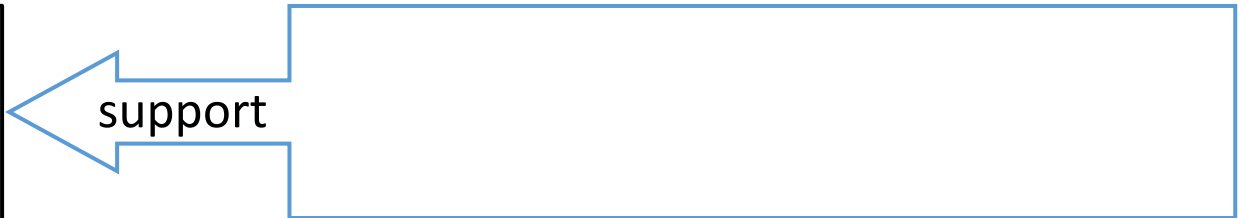

Your Opinion:  
We don't think Titan IX will work in Afghanistan.

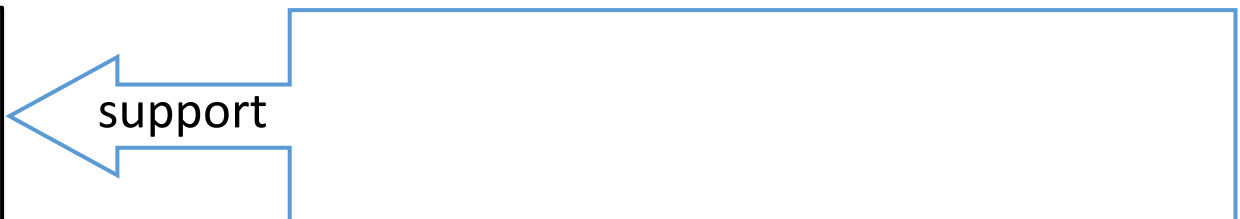

Reason 1:

Reason 2:

Reason 3:

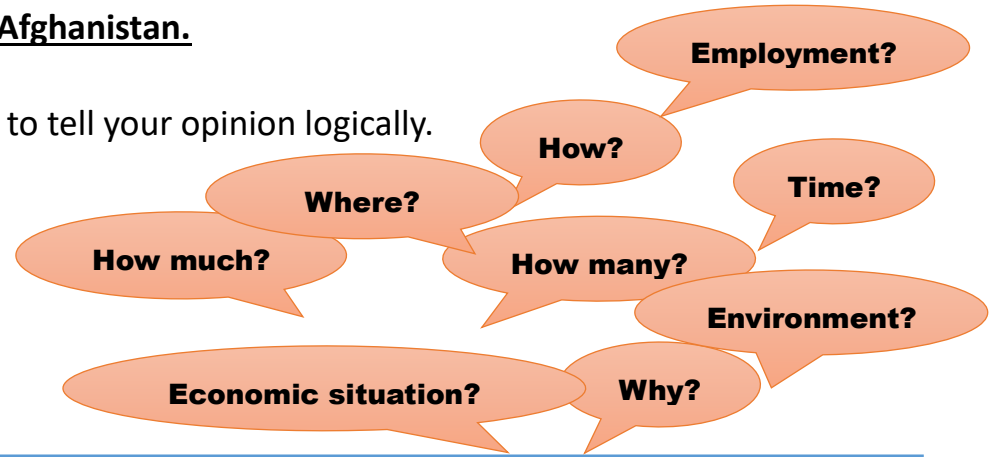

You are Hirose Shigeo.

You made Titan IX and showed it to Afghan people. However, Afghan people told you that they didn't think it would work in their country. You went back to Japan and developed Gryphon V.

You want to have Afghan people understand that Gryphon V will work in Afghanistan.

So, you have to tell them how you have solved the problems.

You have to gather information not only from your textbook and use them to tell your opinion logically.

Your Opinion:  
Gryphon V will work in Afghanistan.

Reason 1:

Reason 2:

Reason 3:
